

3B

The following has been translated from page 13, assignment 3B from 'Engelsk øvehæfte':

I go to school every day from 8am till 2pm. My school is not very big but it is very modern. My classmates are kind. We are all 16 years old. I do not go to school on Saturday and Sunday. Yesterday was Sunday and I was home all day. Saturday I went to the movies. There were a lot of people at the movies. The movie was very exciting. I have been there twice this week. It is expensive. My friends had been to Copenhagen this weekend. They will also be there next weekend. They had not been to the movies. They had been at a party. It had been a great party.
